

Dear Collegiate Minister,

September 20, 2010

We would like to invite you to join us as we encourage and equip students to commit their lives to impacting their community and His Kingdom. We are more than a weekend event. We want to see "life transformation" occur. Please bring your students to be a part of what the Lord is doing in Arizona.

The Arizona Southern Baptist Convention and Christian Challenge, in partnership with church-based collegiate ministries and several church planters, are hosting AZ:Fuzion. Students will receive corporate teaching and small group instruction on servant leadership, personal discipleship, evangelism and church planting. Students will also work alongside church planters in a day of service to target communities of the new churches. Our goal is to leave students committed to the idea that God can and does use college-aged students to build His Kingdom, and to foster a community of partnership with church planters and church ministries to students and Christian Challenge campus ministries.

"The potential opportunity to connect our students with local campus ministries, equip them to develop into greater servant leaders, and experience the Kingdom work of local church plants is just too much to pass up. I pray you will see the potential that we have caught sight of and join our students this November."

Scott Savage (College Minister, North Phoenix Baptist Church)

"AZ:Fuzion provided us an incredible jumpstart for our church plant. With the help of an amazing crew of college students we kicked off our church with a successful block party for our target community. We had over 400 prospects in attendance: our best outreach event to date!"

Matt Celoria (Church Planter, The City Church at Westgate)

We have included a Group Registration form to be submitted by October 15th, a flyer you may use as a Student Registration form and a postcard for our event. The forms may also be printed off of our website and additional postcards can also be sent upon request. If you have any questions, please do not hesitate to contact us:
